

Giotto

Paying homage to the artist of the same name, Giotto is a perfectly round aluminium disk comprising an opal, blown glass ball. The disk which can be custom painted to any finish, has an orientation of 360°. Simply unscrew the glass ball, position the disc to the preferred orientation and then lock it in by tightening the ball in place. The blown glass diffuser is available in 80mm or 110mm diameter depending on the required aesthetic. Giotto's contemporary and clever design makes it suitable for use in commercial, retail and residential applications, including wet areas

IP44
